

Volunteer role description

| | |
|------------------------------------|--|
| Title of role | Learning volunteer |
| Main purpose | Prickwillow Museum welcomes visitors from across the country, telling the story of the Fens' fight against changing water levels, using mechanical engines. The museum already has some popular workshops for primary schools in association with Ely Museum. This role will enable us to build on this and explore the provision for secondary schools / youth groups. |
| Outline of tasks and activities | The volunteer will... <ul style="list-style-type: none"> • Help the museum develop sessions for school visits of various ages • Assist in the delivery of these sessions • Explore the other possibilities for learning |
| Supervisor | Les Walton |
| Location | Prickwillow Museum, Main Street, Prickwillow, Ely CB7 4UN |
| Hours | This role requires about a day a week, depending on the day of the school visits, and may benefit from some work from home. The museum is open Easter to October, but has school visits all year. |
| The role would suit someone who... | <ul style="list-style-type: none"> • Experience of delivering teaching sessions, not necessarily in a museum • Is eager to learn about the Fens and / or the technical aspects of the drainage engines • Has their own transport, as the museum is in a remote village |
| In return we shall offer you... | <ul style="list-style-type: none"> • Opportunities for personal and professional growth and development in a community-focussed museum • A supportive, friendly, environment • Induction to the Museum • Full training opportunities to perform the role • Invitation to volunteering events, Passport to visit other engineering and local museums for free or reduced entry |
